I am a customer-centric product professional with a strong bias for action, dedicated to identifying and fulfilling customer needs, possessing 5 years of experience in the SaaS industry, with a proven track record of effectively collaborating across product and business functions to deliver impactful and value-driven solutions.

EXPERIENCE

Product Manager

ATOSS Software

Apr. 2023 – Present

Munich, Germany

- Lead the product strategy, scope definition, and release delivery for core modules, including *ATOSS Workflow* and *Expert Center*
- Operationalise complex workforce management business logic into actionable technical concepts and scalable product capabilities
- Drive product prioritisation by balancing customer needs and business value, while addressing customer escalations
- Design, govern, and document product discovery frameworks, and organisational PM processes across the department

Product Manager

NavVis

May. 2022 – Mar. 2023

Munich, Germany

- Led a beta programme for *NavVis Enterprise Cloud Processing* features with 5 enterprise customers
- Visualised and monitored 8 vital metrics to measure the product engagement of *NavVis Reality Capture* products
- Revamped the CRM Product Catalogue containing 1000+ listings in order to boost sales efficiency

Product Manager

Celonis

Mar. 2021 – Apr 2022

Munich, Germany

- Conceptualised feature specifications, wrote user stories, and planned sprints for developing *Celonis EMS*
- Resolved customer support issues, decreasing resolution time by 21% and improving overall customer satisfaction
- Drove customers' migration from on-prem to cloud platform, increasing daily active users by 18%
